

The Power of Compounding

"Compound interest is the eighth wonder of the world. He who understands it, earns it; he who doesn't, pays it." - Albert Einstein

Would you rather have a million dollars today, *or* a magic penny that doubles every day for 30 days?

OR

The magic of compounding occurs in the later years.

Would you rather have the power of compounding working *for you*?

Traditional IRAs and 401(k)s are infested with *deferred taxes*.

Deferred taxes are compounding debt. Every day they are unpaid, they compound *against* you.
